Dear Dr. President Shleton:

I am writing to inform you that the Commission on Accreditation (CoA) during its October 18-21, 2012 meeting reviewed the narrative report provided by the Ph.D. program in Clinical Psychology at the University of Arizona.

Dr. Henry Buchtel, Victoria Follette, Stephen Holliday recused and therefore did not participate in the discussion and vote on your program.

The program has responded effectively to the Commission's request to address issues regarding 1) financial and administrative assistance; 2) coverage in the foundational areas of psychology; 3) the accurate portrayal of the four doctoral programs; and 4) its public disclosure data.

For your information, the next site visit for this program will be in **2018**.

In closing, on behalf of the Commission on Accreditation, I would like to express genuine appreciation for your personal commitment, and the corresponding support of your administration, to develop and maintain the best possible quality of graduate education and training in psychology. If our office may be of service at any time on administrative matters of accreditation, please call upon us.

Sincerely,

A handwritten signature in cursive script that reads "Susan F. Zlotlow".
